Document F 12.0.3.1 (5-IND-F-PED 012)			

The authorization for re-marking materials is issued in order to fulfil the requirements to material traceability intended for later use in manufacturing of Pressure Equipment in accordance with the European Pressure Equipment Directive (2014/68/EU).

The authorization is issued as means of insurance towards the Essential Safety Requirements specified in the European Pressure Equipment Directive (2014/68/EU) ANNEX I – 3.1.5 and 4.2 towards traceability required by the Pressure Equipment Manufacturer and the material used for pressure bearing parts.

**Authorization issued to:**

*Aleks Steens Maskinfabrik  
Sverigesvej 2  
8660 Skanderborg  
Denmark*

**Authorization issued by:**

Bureau Veritas Industry Denmark  
Oldenborggade 1B  
7000 Fredericia  
Denmark

This authorization is for the described manufacturer only and is given based on review and approval of applicable procedure and staff qualifications for re-marking material. The authorization is issued based on agreement that re-marking / stamping and traceability to the material are practiced according to the manufacturers approved procedure:

Procedure identification:  
"Omstemplingsprocedure ved 3.1 certifikat". Dated 28.08.2019  
"Palleseddel" for marking on pallets.  
Forms used for re-stamping: "Re-stamping certificate".

Result of the inspection performed by the undersigned Bureau Veritas Industry inspector and review of applicable procedure was found satisfactory. The inspection indicated that personnel have received the proper training and understanding of the applicable procedure.

It is the sole responsibility of the manufacturer that traceability is kept in all of the production processes.

This authorization is issued with a validity of 1 (one) year from the day of issue. Renewal of the authorization can be given based on a verification visit which justify that an applicable procedure and staff qualifications are maintained.
